

# March Kindergarten Homework

Due Date March 24th

Students will work to design and pack a suitcase for a season of their choice.

1. Discuss with your child what they already know about the four seasons. Brainstorm ways that we can prepare for each season. On the attached page, record your child's ideas about each season.
2. Allow your child to pick his or her favorite season.
3. Now it's time to pack his or her suitcase for that season. Help your child use construction paper, material scraps or any recyclables to create the items needed for their suitcase. (see example on the back side of this assignment)

Think of items besides just clothing to make it more creative.

Spring – Rain coat, rain boots, umbrella, gardening tools.

Winter – Coat, hat, gloves, scarf, snow shovel.

Fall – Sweater, pants, rake.

Summer – Swimsuit, towel, sunshade.

Projects can be emailed-

## THE CHALLENGE

Can you pack a suitcase with important things that you need for a season?

Right now, the season is

\_\_\_\_\_  
.....  
\_\_\_\_\_

My favorite season is

\_\_\_\_\_  
.....  
\_\_\_\_\_
