

October Homework

Due Date: _____

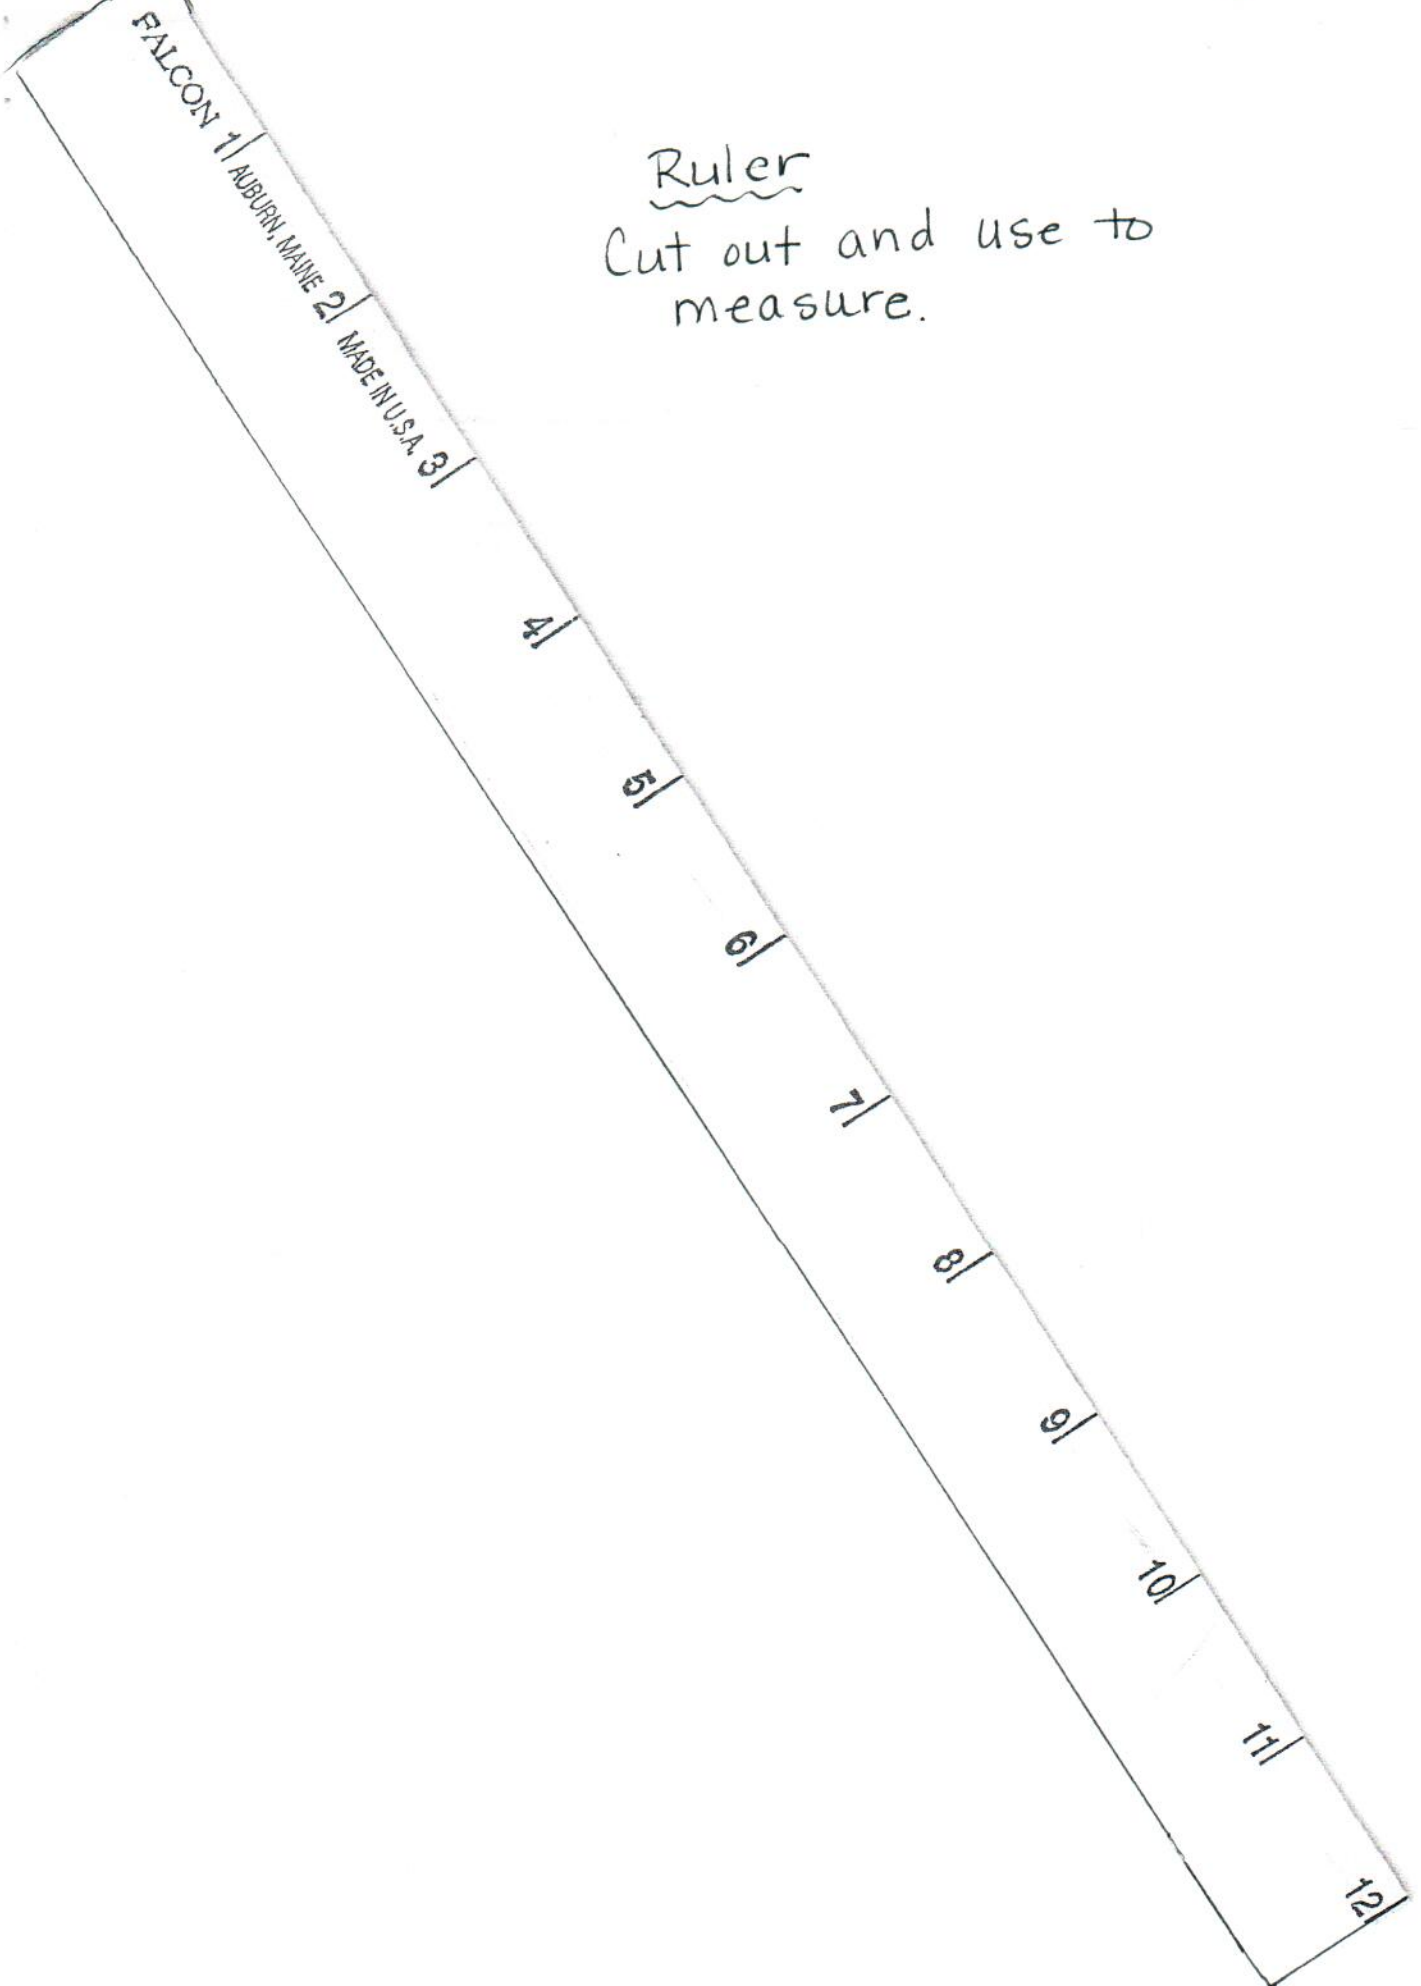

- 1.) First, think of something you need. It can be for yourself or you can make it as a gift. Some ideas—table centerpiece, candle holder, musical instrument, necklace, bracelet, somewhere to park your MatchBox cars, placemat, etc.
- 2.) **Technology challenge- look up the object you have decided to make on the internet with a parent.
- 3.) Draw/design your project on the attached sheet.
- 4.) Now, take an adult and go on a nature walk. You can walk around your neighborhood or go to a park. Look around at the things on the ground. Collect items in nature that will work for your project. You may also use recycled materials from your house. Please do not buy anything.
- 5.) Create your project.
- 6.) Measure your project using the attached ruler.
- 7.) Answer the questions on the following pages. Parents you may write for your child but we ask that you write down the child's exact wording. All drawings must be done independently.
- 8.) Your child may choose to bring the project in. Another alternative option is to email your child's teacher a picture of your child with the project.

My Design

Ruler
Cut out and use to
measure.

Ask it!

What worked well?

My project measured _____ inches.

What can we change to make it better?

Improve it!
